Anecdotes		
On 27 May 1989, in a 3rd Division game against ALPS, the Uni Grads won 8-1. Superboot Wayne Goninon scored all eight goals! In Wayne's own words - "I remember the game well. We won 8-1, and I scored all 8, although one was thought to be an own goal as it was deflected off a defender. It was, of course, going in with the goal keeper well and truly beaten. It didn't matter what I did that day, all the shots were		

along the ground and in the corner. It was so demoralising for the ALPS goalkeeper! I remember vividly that Rod Miller, Micky Barr, Chris Chapman would not pass the ball to me and were trying desperately to get their name on the score sheet. The other thing I remember is that Roy Swain scored their goal (one of his many own goals that year) past a desperately diving Yurik Czyn.
